Get Your Hands Dirty with Creativity at SQ Rés!

Pottery Workshop in Collaboration with Tanahkita

SQ Rés continues to elevate apartment living with more than just beautiful spaces—it's a lifestyle. On Saturday, June 21, 2025, residents and guests enjoyed an unforgettable creative escape at our Handbuilding Pottery Workshop, hosted in collaboration with Tanahkita, a well-known ceramic studio from Kemang.

Held in our cozy Multi-Function Room from 10:00 AM to 12:00 PM, the event brought together 10 enthusiastic participants for a hands-on session of shaping, sculpting, and painting clay. The workshop kicked off with expert guidance from the Tanahkita team, then each guest dove into creating their own ceramic piece—no prior experience needed!

The highlight? Each participant was invited to personalize their creation with underglaze ceramic paints, adding their own flair and color. The finished works are now being professionally fired by Tanahkita and will be returned within 7 days—a beautiful keepsake of a relaxing and artistic morning.

This special event is just one example of how SQ Rés offers more than a home—it offers a vibrant, creative community. From wellness activities to artistic workshops, our monthly events are thoughtfully curated to enhance the living experience.

Love where you live, and live where you grow.

By leasing an apartment at SQ Rés, you'll gain exclusive access to inspiring events like this—and many more to come!
